

Save the Family's Corporate Partnership Program

Through corporate partnerships with businesses like yours, we can turn desperate situations into new opportunities by providing a hand up, not a hand out for the families we serve.

As a respected non-profit that has served the Greater Phoenix area for 30 years, Save the Family can help businesses like yours inspire consumers to support community-minded companies that make the path toward meaningful change in our community, shorter. Through our **Corporate Partnership Program** we can help your business meet its social responsibility goals and demonstrate the positive impact your business makes on this community we care so deeply about. We'll customize a plan specifically for you.

Why Save the Family?

Save the Family empowers families to conquer homelessness and achieve life-long independence.

Transforming Lives. Save the Family provides a variety of support services and tools to families in our community to help them achieve self-sufficiency.

Nurturing Families. Last year Save the Family served 688 families facing a multitude of challenges including job loss, domestic violence, divorce, foreclosure, and poverty.

Ending the Cycle. Save the Family believes the key to ending the cycle of homelessness is empowering children to believe in a brighter future. We provide arts, tutoring, after-school programs, stable schooling and community involvement opportunities to protect against gang violence, school dropout and becoming homeless.

Creating & Maintaining Homes. Working in six cities throughout the Valley, Save the Family helps families rebuild stability by providing eviction prevention, transitional housing, rapid re-housing, shelter plus care and affordable housing through its affiliate ARM (Affordable Rental Movement).
