VALOR ON EIGHTH

FEMALE VETERANS MAKE UP JUST 17% OF THE VETERAN POPULATION, BUT THEY ARE FOUR TIMES MORE LIKELY TO END UP HOMELESS THAN VETERAN MEN.

Valor on Eighth is an **affordable housing community** created specifically with the needs of veteran women and their children in mind.

With **45 affordable housing units**, 5 market rate live/work units, a playground, a fenced in area for dogs, computer lab and job center, and gathering spaces for people of all ages, this community is **close to public transportation and Arizona State University**.

There are **supportive services on site** as well as ready-made connections to local agencies to better assist residents. This is the **first community of its kind** for veterans in Arizona, and one of just a few in the nation.

To learn more, **visit us online at www.savethefamily.org/veterans-services**.
