

A Fresh Start

2018 IMPACT SUMMARY

save the family
FOUNDATION OF ARIZONA

Stable Homes – Safe Children – Strong Families

Message from Jacki Taylor, MC, CEO

On behalf of our staff, Board of Directors, and the families we serve, I am extremely proud to provide this, our 30th, annual report to you. Our vision began in the small community of Mesa back in 1988 when the population was just under 280,000. Since then, the city has grown to reach a population of more than 480,000. We've grown too. As we mark this special anniversary, we are now serving homeless and impoverished families throughout the Valley – including the communities of Chandler, Gilbert, Mesa, Phoenix, Scottsdale and Tempe. As we celebrate this milestone, we also look to the future with hope, just as we did all those years ago. Each day, as I hear of another family success, I think of all of the children who have entered our doors over the years. Many of the children who came through our programs ten, fifteen, or twenty years ago are coming back to us to share how their lives were forever changed for the better as a result of Save the Family. Together we can continue making a difference in the lives of struggling and vulnerable families and can ensure stable homes, safe children, and strong families for the next generation.

Supportive services in the form of educational programs for adults and children allow Save the Family to provide tools and resources that promote independence in the long run.

Save the Family provides housing for families so that parents and children are safely housed while getting back on their feet.

Case management offers each family a tailored approach to programs and services best suited to help them achieve self-sufficiency.

Save the Family equips families to address poverty, overcome homelessness and achieve self-sufficiency. Together, we are working toward our vision of ensuring *stable homes, safe children* and *strong families*.

PARENT SUCCESSES

Obtained permanent housing

Obtained and regularly accessed health care for their families

Dan and Brandon

Dan, a single father and his son Brandon came to Save the Family nearly 20 years ago. Facing years of addiction and financial hardships, Dan needed to change his life around to be there for his son. Dan says his case manager was his lifeline, someone he could count on for help in solidifying his sobriety as he overcame challenges associated with addiction. Today, Dan volunteers with Save the Family, speaking about his experiences with current clients and enrolling our youth in athletic programs. Dan's son Brandon recently graduated high school and has joined the National Guard.

Dan and Brandon, just before coming to Save the Family nearly 20 years ago.

Dan and Brandon this fall, after buying Brandon's new car.
