

save the family  
FOUNDATION OF ARIZONA

At Save the Family Foundation of Arizona, we're equipping families to address poverty, overcome homelessness, and achieve self-sufficiency.

We believe in creating communities free from family homelessness, where every person has a **safe, affordable place to call home.**

*Celebrating*  
**35 Years**

**of Providing Affordable Housing in Maricopa County**

**STABLE HOMES. SAFE CHILDREN. STRONG FAMILIES.**

*Leticia's*  
SUCCESS STORY

Leticia and her kids participating in the Phoenix Mercury Trading Places Event

Leticia, a devoted mother of two, has always worked tirelessly to provide for her children. However, her life took a dramatic turn when she and her kids had to flee their home due to domestic violence. Over the summer, she faced the hardship of couch-hopping while doing everything possible to care for her children.

Despite having a stable job, losing her home left Leticia in a precarious situation. But fortune smiled upon her when she was accepted into Save the Family's Step Up to Independence Program™.

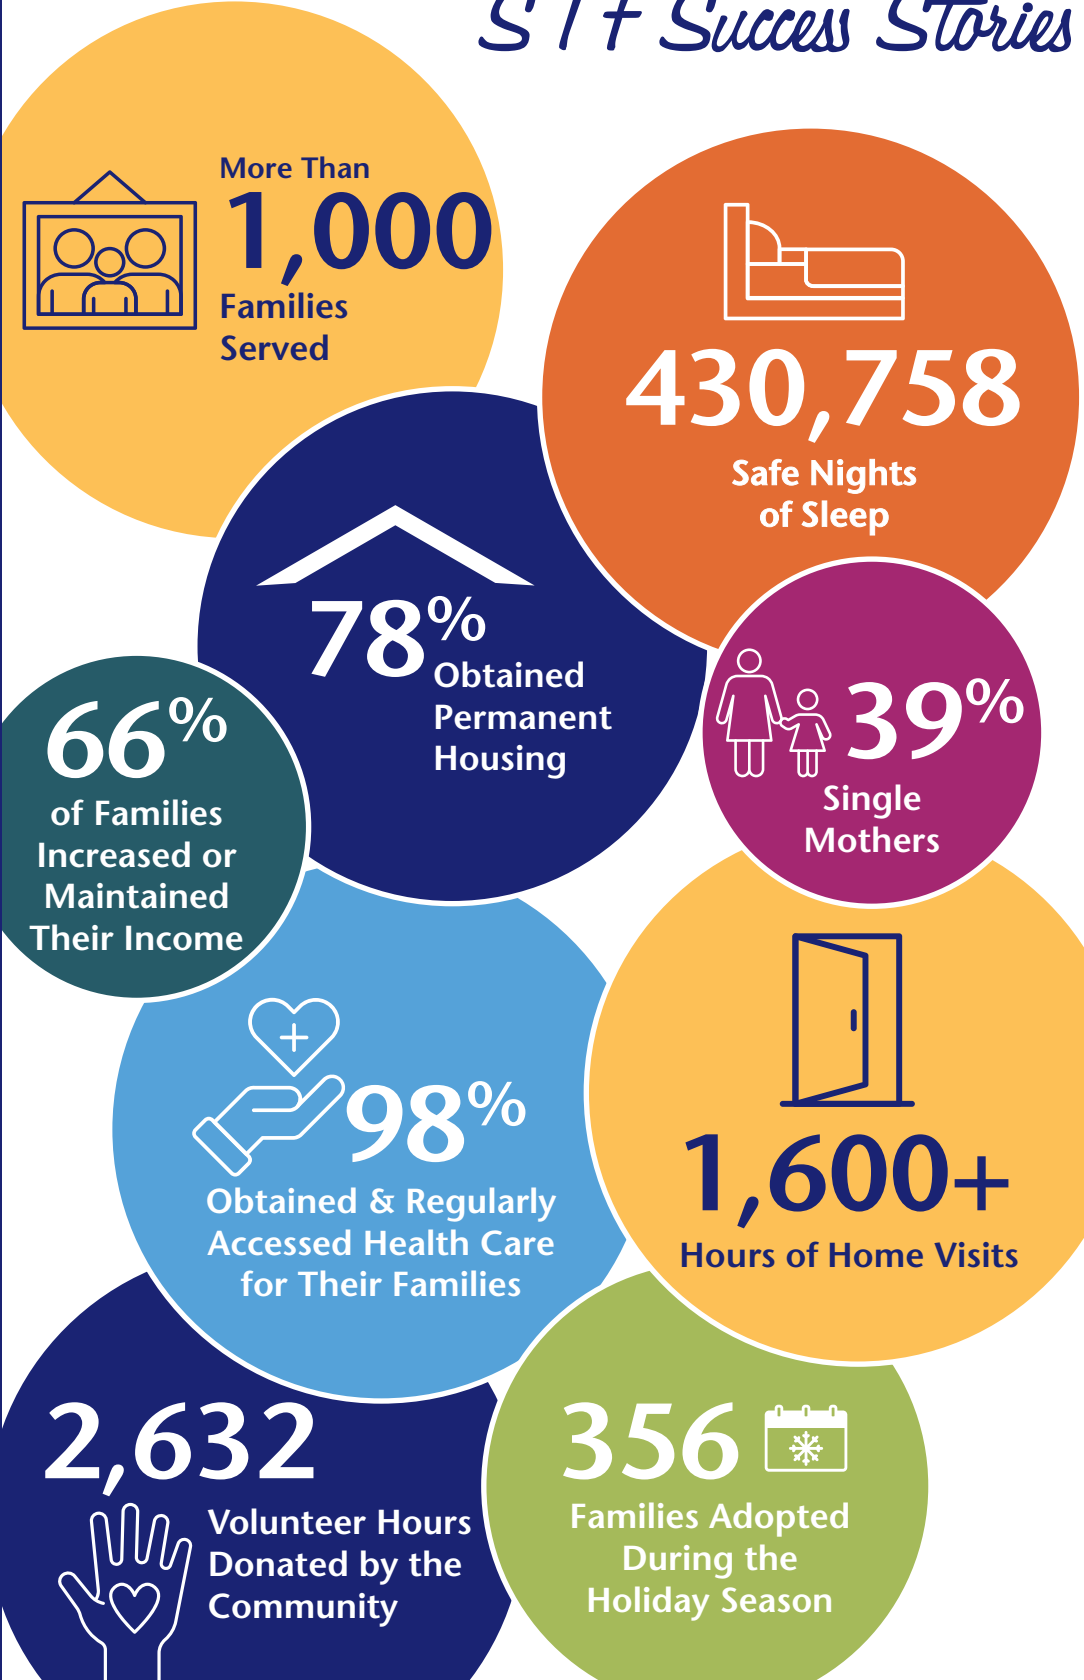

Leticia quickly found stability through the program. With the support of her case manager and the array of services available, she focused on career development to improve her earning potential, created a new budget to build a safety net, and ensured her children stayed engaged in their education. Her kids thrived with extracurricular activities and camp experiences, marking significant milestones in their growth.

As Leticia graduates from our program, she leaves with a savings account, ready to take the State's RBHT Certification Test, and most importantly, two healthy and well-adjusted children equipped with the tools for a successful future.

FOUNDATION OF ARIZONA

## Our Services

**HOUSING**

We offer stability and housing programs to meet the unique needs of each family we serve. Rapid Rehousing, Transitional, Eviction Prevention, Tenant Based Rental Assistance, and Step Up to Independence™ make up our impactful housing programs.

**CASE MANAGEMENT**

We utilize best practices including Housing First, Critical Time Intervention, Progressive Engagement, Trauma Informed Care, Motivational Interviewing, and comprehensive reporting to measure and track our family's progress, maximizing the chances of long-term success for each family.

**SUPPORTIVE SERVICES**

Including career development, parent support, mental health and substance abuse support, and financial literacy classes.

**CHILDREN'S SERVICES**

Focuses on the needs of each child, providing necessary intervention to continue their development, and break the cycle of systemic poverty that has afflicted their lives. This can include trauma therapy, educational support, summertime and after-school programs, extracurricular support, life-skills classes, and much more.

Affordable Housing Communities We Support
